Summary & Objective

I am a highly motivated PHP and Laravel Web Developer with 3 years of experience in building scalable web applications, RESTful APIs, Skilled in backend development, database design, and API integrations. I possess a solid understanding of web development principles and have a passion for creating efficient, user-friendly applications. I am seeking a challenging role where I can leverage my technical expertise to contribute to a progressive organization.

Skills & Abilities

- **Backend:** PHP, Laravel, MySQL, CodeIgniter, RESTful APIs
- **Frontend:** HTML, CSS, JavaScript, jQuery, Bootstrap
- **Tools:** GitHub, Postman
- **APIs & Integrations:** Third-party Integrations (Razorpay, Instamojo, Interakt).
- **S3 bucket:** Storing images, pdf and json files.
- **Other:** AJAX, Debugging, Performance Optimization.

Experience

TRIBYSS APPS SOLUTIONS – PHP/LARAVEL DEVELOPER (JAN 2024 – OCT 2024)

Location: Lucknow, Uttar Pradesh

- Developed and optimized Laravel applications with improved performance and scalability.
- Conducted code reviews and enforced best practices.
- Collaborated with design and QA teams to deliver high-quality solutions.

SASA INFOTECH PVT LTD – PHP/LARAVEL DEVELOPER (MAY 2022 – NOV 2023)

Location: Ahmedabad, Gujarat

- Built and maintained Laravel-based applications with RESTful APIs.
- Implemented authentication, authorization, and payment integrations.
- Improved query efficiency, reducing response time by 30%.
- Coordinated with cross-functional teams and stakeholders.

ANANTADRISHTI TECHNOLOGIES – PHP/LARAVEL DEVELOPER (NOV 2021 – APR2022)

Location: Lucknow, Uttar Pradesh

- Developed and optimized Laravel applications, improving performance and scalability across modules.
- Conducted thorough code reviews, ensuring best practices, security, and maintainability.
- Collaborated with front-end developers to ensure responsive UI/UX.
- Implemented front-end designs and managed backend logic for seamless performance.
- Integrated RESTful APIs and third-party services to enhance application functionality.
- Troubleshoot and resolved complex bugs, reducing downtime and improving system reliability.

Key Projects

FindQo.ie – Irish Property Marketplace (<https://findqo.ie/>)

- Developed a high-performance property listing platform—mobile-first, responsive, and fully functional across web, iOS, and Android—serving both buyers and sellers seamlessly.
- Enabled **free unlimited property listings** across Ireland, empowering landlords, sellers, and agents to post without restrictions and reach a larger audience.
- Implemented a **real-time property valuation tool** and smart rental estimates allowing users to price their properties accurately and confidently.
- Optimized platform performance with SEO best practices, lazy loading, image compression, and CDN integration—ensuring fast load times and improved discoverability

TenantIn.ie – Ireland Rental Resume Platform Marketplace (<https://tenantin.ie/>)

- Developed a **mobile-first, web-based platform** enabling tenants to quickly create, download, and share a verified rental resume in PDF—streamlining their application process and enhancing credibility with landlords and agents.
- Implemented a unique “**On a Hunt**” mode, allowing users to mark themselves as actively searching and receive targeted property matches directly in their dashboard.
- Built backend capabilities for **automated matchmaking**, delivering personalized property suggestions and improving user discovery and engagement.
- Designed a **secure tenant profile system** that aggregates rental history, employment data, and references, making it easy for landlords to verify applicants quickly.

Laptop Rental – SaaS Rental Platform (<https://laptoponrent.biz/rental/>)

- Developed Admin Panel for contracts, rentals, invoices, and payments.
- Integrated Razor pay and Interakt APIs for automation.

Course Information Application (<https://www.anantdrishti.com/>)

- Created admin and user panels for managing courses, banners, and services.
- Implemented email notifications and Excel export/download.

Medication Information System (<https://www.themedicarecoach.com/myinfo/>)

- Developed user management with pagination and advanced search.
- Integrated Hub APIs for tracking and PHPEXcel for imports/exports.

Achievements

- Delivered 6+ full-stack projects using Laravel & PHP for live clients.
- Improved API response time by 30% with optimized queries and caching.
- Integrated 3+ payment gateways and third-party APIs
- Consistently delivered projects on time with cross-team collaboration.

Education

Bachelor of Engineering (Computer Science)

- Infinity Management & Engineering College, Sagar, Madhya Pradesh – 2018 | CGPA: 6.73.

Higher Secondary

- Raj Kumar Inter College, Naraini Banda, Uttar Pradesh – 2014 | 68%.

Secondary

- Raj Kumar Inter College, Naraini Banda, Uttar Pradesh – 2012 | 72%.
