PROJECTS

Yatri Service
10/2024 - 01/2025 Delhi, India
https://yatriservice.com/
Technologies: React.js, Laravel, API Integration (Fly24hrs), MySQL
- Developed a B2B flight booking portal integrating Fly24hrs API, ensuring seamless functionality between React.js (frontend) and Laravel (backend). - Implemented API responses in Laravel, then optimized them for React.js, ensuring efficient data handling and user experience.
TripgoOnline
12/2025 - Present Delhi, India
https://www.tripgoonline.com/
Technologies: React.js, Laravel, API Integration (TBO), MySQL
- Developed and managed core functionalities of a B2C and B2B travel portal offering flight, hotel, transfer, holiday, visa, and other travel services. - Developed and managed core functionalities of a B2C travel portal offering flight, hotel, transfer, holiday, cab, and other travel services.
FlyAbasin
12/2025 - Present Kabul, Afghanistan
https://www.flyabasin.com/
Technologies: React.js, Laravel, API Integration (TBO, Partocrs, Tripjack, Verteil), MySQL
- Developed a B2B flight booking portal with advanced API management, integrating TBO, Partocrs, Tripjack, and Verteil APIs. - Engineered a multi-API system where responses are merged based on TBO's format using multicurl for optimized speed and efficiency. - Managed backend development, including flight booking storage, ticket and invoice management, and detailed ledger and wallet history.
